5. **Discussion of proposed amendments, Town Plan *Land Use* Chapter:** Draft #1 of proposed amendments, distributed by Chris Sargent last week, was perused line-by-line. Only minor revisions to grammar and wording were made, as this draft admirably captured our discussions of the past months.
6. **(Re)Appointment of Conservation Commission at 06/10/13 Select Board meeting:** While up-dating the Town Plan in 2006, all former references to the Conservation Commission were deleted [possible activities to assist the Planning Commission regarding land use, habitat, waterways].
