1.) GUD

Review of schedule for the day.

Elementary school is going to work on the school grounds. Ms Barry's class is going to take care of the flower on the Main Street.
- Other spots could include River Street, North Rd, Rt 12 up to MQS. Route 107.
- Find the gold soda bottle! Win a free large pizza!! Laura will take this on.

- Dulce presented the Rec Committee's ideas for GUD. They are planning for a 15-20 presentation, and present the posters/plans for the rec center improvements. They have a committee member with pop up tents, in case of rain. The event would have the use of the bathrooms, trash barrels, and the pavilion (in the case of rain). This will begin at noon!

- Lisa will contact Del to arrange for use of the parking lot for the morning.

- Signage. Maybe request use of the A-Frame sign to put in front of the Town Hall. Town sign in front of bandshell. A-frame in front of town office on Nelson's corner. Then posters scattered throughout. Rec Committee offered to help with posters.

- We need schedule printed up to attach to posters. Noon time cookout, display/presentation, and award of gift certificate. Bring a lawn chair and have a picnic!!
