## APPLICATION FOR PERMISSION TO EXCAVATE IN TOWN OF BETHEL RIGHT-OF-WAY

We hereby request permission to excavate on \_\_\_\_\_ (Town Highway)  
on \_\_\_\_\_ (date) for the construction and maintenance of \_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_.

- A. If this permit is issued for a water or sewer connection or both, the Town shall be notified by the Property Owner or Owner's Agent of such excavation, no later than 2 days prior to digging. (Call Town Office at 234-9340)
- B. If any excavation takes place in a paved right-of-way within the Town right-of-way, the Property Owner or Owner's Agent will repair the ditch with a minimum of **2 feet** of gravel (sub-base) and a **2 inch** layer of hotmix, or as specified by the Town. **Repair of any and all asphalt surfaces shall be completed by only qualified / professional paving contractors.** If the excavation takes place in a non-paved area but within the Town right-of-way, the Property Owner or Owner's Agent will repair and put the area back into its original form.  
  
**\*\*NOTE: It is the responsibility of the Property Owner or Owner's Agent to contact Digsafe (888-344-7233) for their utility locations prior to excavation, and to determine with representatives of the Town the location of Town Utilities.**
- C. Any damage done to Town Utilities by the Property Owner or Owner's Agent will be repaired by the Town at the Property Owner or Owner's Agent expense unless otherwise formally agreed to.
- D. A right-of-way must be kept open at all times to allow emergency vehicles to pass. If this is not possible, permission to temporarily close the road must be obtained from the Board of Selectmen. (Call Town Office at 234-9340)

\_\_\_\_\_  
(Name of Excavator)

\_\_\_\_\_  
(Name of Property Owner or Owner's Agent)

\_\_\_\_\_  
(Name of Paving Contractor)
