CLASS 4 ROAD Committee

9-8-2024
9:00 AM

PRESENT: BRIAN WRIGHT, Cecil Washburn, Chris Fors, Alex Riesterer.

The 4 of us walked the CLASS 4 SECTION of Thayer ROAD from DROLETTE Family TRUST PROPERTY to where it ends on River ROAD APPROX. ACROSS the RIVER from the Fish Hatchery. We picked OUT the ROAD the whole way. Theres a SPOT half way down that has been washed to a deep gully BUT theres evidence of old log ROADS going around the washed area. The lower 1/3 IS being USED some by 4 wheelers OR side x sides. Theres NO signs of ANY Vehicle TRAVEL on the UPPER 2/3 of the ROAD. The only QUESTIONABLE location of the town ROAD IS FROM DROLETTES barn UP thru their yard and PAST their house. The State of VT. Parcel Viewer website shows IT going to the Right of the house. She has TOLD Cecil that the class 4 ROAD goes to the left of the house. We dont KNOW if the house there now IS part of the ORGINAL Farmhouse that was there OR if the old house was TORN down and this newer STRUCTURE moved to a DIFFERENT LOCATION. There was NO way

for us to be sure exactly where it was laid out thru their yard without a professional survey being done. Not sure what the Droleites issues are, theres no evidence of any kind of vehicles going farther than the turn around at their house. Our suggestion is to leave it as it is at this time, not knowing exactly where the legal Road Lies thru their yard. Walk completed at noon.

Brian Wright
